Degree

Bachelor of Science in Computer Engineering

Advising Information

https://cec.fiu.edu/academics/student-resources/advising/

Admission Requirements

- Completion of Associate in Arts (AA) degree
- Cumulative Transfer GPA: 2.0
- To be fully admitted to the program, MAC 2311 must be completed with a grade of C or better.

Special Notes

- It is highly recommended that you complete all of your math and science prerequisites before transferring to FIU.
- Engineering students should take math and science courses every term at MDC in order to make efficient progress towards the degree. Delaying math and science courses effectively delays graduation as such courses are prerequisites for upper level engineering coursework at FIU.
