Degree

Bachelor of Science in Mechanical Engineering

Advising Information

https://cec.fiu.edu/academics/student-resources/advising/

Admission Requirements

- Completion of Associate in Arts (AA) degree
- Cumulative Transfer GPA: 2.0
- To be fully admitted to the program, students must be Calculus I ready (have completed MAC 1114 + MAC 1140 OR MAC 1147, with a grades of C OR better in each course).

Special Notes

- It is highly recommended that you complete all of your math and science prerequisites shown below before transferring to FIU to avoid Excess Credit Surcharges after transferring to FIU with an AA degree.
- Engineering students should take math and science courses every term at PBSC in order to make efficient progress towards the degree. Delaying math and science courses effectively delays graduation as such courses are pre-requisites for upper level engineering coursework at FIU.
